ELTE EDÖK General Assembly Report

Zsófia Bányi, President of the Supervisory Board

01/09/2026 – ELTE EDÖK Supervisory Board Meeting

02/10/2026 – ELTE EDÖK Ordinary Supervisory Board Meeting

1. Report

Since my election at the beginning of September, the handover process has been completed with the help of András Gombás, President of EDÖK, and Zoltán Kovács, former President of the Supervisory Board. As part of this process, I received access to the Supervisory Board's email account, and the other permissions necessary for my work were requested.

At the first Supervisory Board meeting, we established the periods of the 2026 ordinary doctoral representative elections. Following this, I talked with András Gombás approximately once a week to discuss the election process, and he provided a great deal of help in coordinating it. We requested the necessary data of doctoral students and used it to inform them about the election period and the opportunity to stand as candidates.

Based on the applications received, we closed the nomination period at the respective faculties or, where necessary, extended it at the Supervisory Board meeting on October 2.

Thank you for reading my report. If you have any questions for me or the Supervisory Board, feel free to contact me at **eb@edok.elte.hu**.
