

Report of Zoltán Kovács, president of the supervisory board

- 2026. 02.13 - Consultation of EDÖK presidents
- 2026. 02.20 - EDÖK Board of Presidents

1. Report

In the last month, the most important events were a consultation with the EDÖK presidents, and the EDÖK Board of Presidents meeting. I took part in both meetings, where the most important questions relating to the supervisory board were the planned amendments to the Statutes of EDÖK. I plan to take part in this in a consultative role as the president of the supervisory board, and help with the wording of the amendments. One of the most important points where the Statutes require some adjustment is the pacing of the elections at the beginning of the fall semester. Here, I want to share my experiences and observations regarding the last few elections, and make sure that next year, the offices and delegates of EDÖK can be elected on time.

As the new semester has begun, I also checked the active students status of the delegates of EDÖK, both on the university and faculty level. In the necessary cases, I sent out the notifications about the termination of their delegation.

Thank you, for reading my report. If you have a question for me or for the supervisory board, you can reach me at **eb@edok.elte.hu**.
