

PROPOSAL

on the reports of the public officers of EDÖK

I. Executive Summary

According to the EDÖK Statutes, the accountability of the President of EDÖK falls under the competence of the EDÖK General Assembly. In the absence of other effective statutory provisions, the accountability of further officers does not currently fall under the competence of the EDÖK General Assembly. The competent bodies are the respective electing assemblies: in the case of Faculty Presidents, the Faculty General Assemblies, and in the case of the President of the Supervisory Board, the Supervisory Board itself. Therefore, the subject of this proposal is exclusively the reporting and accountability of the President of EDÖK.

In its [Resolution No. 22/2026 \(I. 13.\)](https://edok.elte.hu/en/content/university-doctoral-students-union.t.15640), the EDÖK General Assembly issued instructions for the public officers of EDÖK regarding the procedure for submitting monthly written reports. Accordingly, the relevant written reports of the President of EDÖK are available on the following page of the Union's website: <https://edok.elte.hu/en/content/university-doctoral-students-union.t.15640>.

The General Assembly has already had the opportunity to express its opinion on these reports via an online indicative vote. However, a formal resolution can only be passed during a session, as the Statutes do not permit decision-making on this matter via postal/electronic ballot.
