

PROPOSAL

on the public life stipends for the officers and presidential commissioners of EDÖK

I. Executive Summary

Pursuant to Section 103 (2) of the ELTE Academic Regulations for Students (HKR), the EDÖK General Assembly shall decide on the amount of the public life stipends due to the elected officers of the University Doctoral Students Union.

Following consultations with the University Student Social and Scholarship Committee (EHSZÖB) and a review of the EHÖK (University Students Union) public life stipend call for applications, it has become necessary to revise the wording of the EDÖK General Assembly's previous Resolution No. 19/2026 (I. 13.).

The previous resolution requires supplementation regarding the scholarship for the recently appointed Presidential Commissioner. According to the EDÖK Statutes, determining this amount falls within the competence of the General Assembly, which may delegate this power to the President. Since the Presidential Commissioner performs their duties under the direction and full responsibility of the President, I propose that the General Assembly set the maximum possible amount, while delegating the authority to the President to determine the actual applicable amount within this framework, based on the activities performed during the given application period.

Furthermore, I propose a review of the EDÖK President's stipend, taking into account the extent of representation tasks and professional responsibilities.

Position	Officer Stipend	Budget
President of EDÖK	100,000 HUF/month <u>200,000 HUF/month</u>	EHÖK ISZTK
Vice-President of EDÖK	70,000 HUF/month	EHÖK ISZTK
President of the EDÖK Supervisory Board	50,000 HUF/month	EHÖK ISZTK
President of faculty doctoral students union	100,000 HUF/month	Faculty ISZTK
<u>Presidential Commissioner for International Integration of EDÖK</u>	<u>max. 50,000 HUF/month</u>	<u>EHÖK ISZTK</u>

II. Draft Resolutions

1. Exercising its authority under Section 103 (2) of the Academic Regulations for Students (HKR), the General Assembly of the University Doctoral Students Union determines the amount of the public life stipends due to the officers of the University Doctoral Student Unions, namely its President, Vice-President, President of the Supervisory Board, and Presidents of the Faculty Student Unions, according to the table above.
2. The General Assembly of the University Doctoral Students Union determines the maximum amount of the public life stipend for the Presidential Commissioner for International Integration according to the table above. Taking this into account, the General Assembly delegates the authority to the President of the University Doctoral Students Union to establish the actual amount for which the Commissioner may apply based on the activities performed in the given application period.
