2. ACTIVITIES

In May, the PPK Student Council Delegates' Assembly carried out a great deal of organizational work. We successfully organized student participation in all comprehensive exams for both doctoral schools, and members of the Delegates' Assembly also actively participated in these exams. We began recruiting students for the doctoral schools' admission dates; we successfully covered all admission dates for one doctoral school, and we are still working on the admissions for the other doctoral school.

We had a joint meeting with the PPK Student Union leaders, where we discussed opportunities for cooperation between the Student Union and the Doctoral Student Union. The meeting was very successful, and thanks to this, we will be able to cooperate more closely in the future.

Throughout May, we received several email inquiries from doctoral students, indicating that our work was visible during the semester. We compiled a list of summer tasks, divided the responsibilities among ourselves, and began organizing the end-of-semester doctoral student meeting.

I attended several Executive Board meetings and Faculty Council meetings, where I briefed the assembly on issues affecting doctoral students. In addition, in May I also attended the EDÖK Executive Board meeting and the General Assembly.

3. Other matters

I actively exercised my right to vote during the PPDT and NDI DIT mail-in elections.

Throughout the month, we held in-person office hours every Tuesday and Wednesday, as well as online office hours on Fridays.

Please feel free to contact me with any questions or comments you may have. Thank you for reading my report.
