--------------------------	---------	-----------------

2. ACTIVITIES

In June, the Delegates' Assembly's primary activities were delegating students to serve as minute-takers for the comprehensive exams and delegating one student each to the entrance exams. We successfully organized both the comprehensive exams and the entrance exams for both doctoral schools.

In addition, another key activity was organizing the end-of-semester doctoral student meeting and planning for the next academic year. The end-of-semester meeting was a success; we had the opportunity to talk with the students about their doctoral research, the opportunities available to them, and the challenges they face. We discussed with them how they would find the Student Council's activities useful, what kinds of programs they would find beneficial, and how our work could help them. Several ideas emerged, and thanks to this, we planned our community events for the upcoming academic year. We also forwarded some suggestions to the DIT.

We began working on a mentor handbook for our mentoring program and asked the program leaders to support our work by sharing this opportunity with the students.

3. Other matters

I actively exercised my right to vote during the PPDT and NDI DIT mail-in elections.

Throughout the month, we held in-person office hours every Tuesday and Wednesday, as well as online office hours on Fridays.

Please feel free to contact me with any questions or comments you may have. Thank you for reading my report.
